Council for Clean & Reliable Energy

April 2019

Regulator	Nature of Appointment	Chair/Vice Chair(s)	Full-Time Members	Board of Directors/ Executive Committee	CEO/CE/President
Alberta Energy Regulator	<p>Pursuant to section 6 (1.2) of the Designation and Transfer of Responsibility Regulation, the AER's power, mandate and functions are governed under both the Ministry of Energy and the Ministry of Environment and Parks. Where specifically referenced, the AER may also be governed by the Ministry of Indigenous Relations and accountable to the Minister of Indigenous Relations.</p> <p>Board of Directors: Appointed at the pleasure of the Crown by Order in Council, pursuant to section 5 of <i>Responsible Energy Development Act</i>.</p> <p>Board Chair: Appointed at the pleasure of the Crown, as per Directors.</p> <p>Chief Hearing Commissioner and Hearing Commissioners: Appointed by Order in Council on recommendation by the Ministers. Chief Hearing Commissioner and the Chair with input from the CEO identify skills matrix. Selection process is the responsibility of the Chair.</p> <p>Chief Executive Officer: Subject to the approval of the Ministers, the Board of Directors appoints a CEO.</p>	<p>The Chair leads the Board to ensure effective operation of the AER's governance responsibilities. Duties include, but are not limited to: (i) assist in and make recommendations to the Ministers regarding recruitment and selection of directors and hearing commissioners; (ii) work with the CEO and the Ministers in the development of the long-term objectives and short-term targets for the AER to ensure shared outcomes are achieved; (iii) establish the overall system and proposed process for the management and performance assessment of the Chief Hearing Commissioner and hearing commissioners; (iv) assess, with input from the CEO, the performance of the Chief Hearing Commissioner, and the Chief Hearing Commissioner will assess the performance of the full time and part time hearing commissioners; and (v) evaluate, with input from the Board, the performance of the CEO.</p>	<p>Chief Hearing Commissioner, together with the Chair and with input from the CEO identify and implement a competency matrix for hearing commissioners as a whole and the competencies and values required for individual full-time and part-time commissioners.</p>	<p>The Board is accountable for governance of the AER and strategic direction. It is also responsible for the AER's advisory function. Specifically, through the Chair, the Board will work with the CEO to ensure alignment with government initiatives, providing information, advice, or recommendations as requested; and through the Chair, will work with the CEO to promote the AER working closely together with government departments and agencies to achieve alignment of the AER's policy assurance functions with the government's policy development functions. For greater clarity, "policy development" means analysis and the development of policy options around resource development. "Policy assurance" means implementation and regulation to achieve policy outcomes of government. This includes decision-making, compliance monitoring and enforcement mechanisms.</p>	<p>The CEO is accountable to the Chair and manages the day-to-day operations of the business and affairs of the AER. The CEO is also responsible and accountable for the oversight and implementation of the AER's strategic plan(s) and initiatives for continual improvement of the efficiency and effectiveness of the AER's operations, including: (i) regulatory requirements and processes; (ii) compliance and enforcement activities; (iii) closure and reclamation activities; (iv) scientific and technical expertise; (v) stakeholders engagement; and (vi) corporate services.</p> <p>The CEO is also accountable for ensuring the AER's adjudicative functions are adequately supported and resourced.</p> <p>Not permitted to make rules or direct the conclusions or decisions of hearing commissioners when they are engaged on adjudicating a matter.</p> <p>Leads the AER's interactions with government departments and agencies; leads the AER's participation in the government's integrated resource management committees; participates with the Chair, Board, and Deputy Ministers in resolving key stakeholder issues so shared outcomes are achieved.</p>
Saskatchewan Rate Review Panel	<p>At Pleasure Appointment - by Minister Responsible for Crown Investments Corporation.</p>	<p>One Chair (currently appointed until December 31, 2021).</p> <p>One Vice-Chair (currently appointed until December 31, 2021)</p>	<p>Seven members, including Chair and Vice-Chair</p>	<p>Not applicable</p>	<p>Administered via Crown Investments Corporation of Saskatchewan.</p>
Manitoba Public Utilities Board	<p>Members are appointed at the pleasure of the Lieutenant Governor in Council on the recommendations of the Premier of Manitoba.</p> <p>Reports to Provincial Legislature through the Minister Finance.</p>	<p>The LGIC shall designate a member of the board to be chairman and a member to be vice-chairman.</p> <p>The chairman has the supervision of the staff of the board. The secretary of the board and such other permanent officers and employees as may be necessary are to be appointed as provided in the <i>Civil Service Act</i>.</p>	<p>Board is composed of such number of members, not less than three, as the LGIC may determine.</p> <p>The LGIC determines the number of full and part-time members.</p>	<p>Not applicable.</p>	<p>Not applicable.</p>

Karen Taylor, Vice Chair
 Council for Clean & Reliable Energy
 April 2019

Regulator	Nature of Appointment	Chair/Vice Chair(s)	Full-Time Members	Board of Directors/ Executive Committee	CEO/CE/President
National Energy Board 1959	Each Member of the Board is appointed by the Governor in Council and holds office during good behaviour. Members may be removed at any time by the Governor in Council on address of the Senate and House of Commons. Board is accountable to Parliament through the Minister of Natural Resources.	The Governor in Council shall designate one of the Members to be Chairperson of the Board and another of the Members to be Vice-Chairperson of the Board.	The Board shall consist of not more than nine full-time Members and as many temporary members as are required.	Not applicable. The Board is not responsible for supervising the management of the NEB. However it does participate in certain aspects of the NEB's organizational activities, including: <ul style="list-style-type: none"> - approving the NEB's strategic plan, including the Vision, Purpose and Values; - providing advice and support to the Chair and CEO with respect to the implementation of the Strategic Plan; - participating in the identification of the NEB's regulatory risks; - providing advice to the Chair and CEO on the Merit Criteria for the selection of the Chief Operating Officer; - being informed of significant corporate policies; - providing advice to the Chair and CEO on the NEB's annual Departmental Performance Report submitted to Treasury Board; and - approving the NEB's Annual Report to Parliament. The Board manages its own affairs by establishing and updating as required, practices and procedures for the effective functioning of the Board.	Chairperson: The Chairperson is the Chief Executive Officer of the Board. The Chair and CEO apportions work among the members, decides whether the Board sits in a panel, and assigns Members to panels and a Member to preside over each panel. The Chair also has supervision over and direction of the work of the Board's staff.
Canadian Energy Regulator - Bill C-69 Part 2: <i>Canadian Energy Regulator Act</i>	Board of Directors: At pleasure appointment by the Governor in Council. Chief Executive Officer: At pleasure appointment by the Governor in Council on the recommendation of the Minister after the Minister has consulted the directors. Commissioners: Good behaviour appointment by the Governor in Council. May only be removed for cause.	Chairperson and Vice-Chairperson are appointed by Governor in Council. The Chairperson presides over meetings of the Board of Directors and may perform duties or functions assigned by the Board.	Board of Directors: Part-time only. Chief Executive Officer: Full-time only. Commissioners: up to seven full-time Commissioners and an unlimited (unspecified) number of part-time Commissioners. At least one full-time Commissioner must be an Indigenous person. Conflict of Interest provisions are similar to those of the CEO, as adjusted.	Sections 14 to 20 establish a Board of Directors. The Regulator is to have a board of directors consisting of at least five but not more than 9 directors, including a Chairperson and a Vice-Chairperson. At least one of the directors must be an Indigenous person. CEO, Commissioners and staff of the Regulator are not eligible to be a director. Conflict of Interest provisions are set out in section 16 and include: (i) engaging in, as owner, shareholder, director, officer, partner or in any other way, the business of producing, selling, buying, transmitting, exporting, importing or otherwise dealing in hydrocarbons, electricity or offshore energy; (ii) holding any bond, debenture or other security of a corporation engaged in any such business; and (iii) holding other employment that is inconsistent with their power, duties and other functions or with any provision or the Act or regulation made under it. Role is set out in section 17. The Board is responsible for the governance of the Regulator and its governance functions include providing strategic direction and advice to the Regulator. It must not give directions or provide advice with respect to any particular decision, order or recommendation that is made by the Commission or a Commissioner.	Sections 21 to 25 establish the Chief Executive function. Conflict of Interest provisions are the same as that for Directors, with the addition of a fourth requirement that the CEO not hold office as a commission or be employed by the Regulator. Role is set out in sections 23 and 25. The CEO is responsible for the management of the Regulator's day-to-day business and affairs, including the supervision of its employees and their work. The CEO is not permitted to give directions with respect to any particular decision, order or recommendation that is made by the Commission or a Commissioner. For greater clarity, the CEO is responsible for the provision of the support services and the facilities that are needed by the Commission to exercise its power and perform its duties and functions in accordance with the rules that apply to its work.

British Columbia Utilities Commission	<p>In general, the Commission's authorities include, but are not limited to: (i) approving or rejecting a long-term resource plan; (ii) approving or rejecting capital and demand-side expenditures; (iii) approving and issuing certificates of public convenience and necessity for projects; (iv) approving the issuance of securities; (v) providing an opinion to LGIC that a consolidation, amalgamation or merger would be beneficial in the public interest or rejecting the application; (vi) determining the depreciation of accounts and funds; (vii) creating reserve funds (deferral and variance accounts); and (viii) setting rates.</p> <p>The <i>Clean Energy Act</i> limits the BCUC's authority to approve BC Hydro's integrated resource plan.</p> <p>Direction No. 7 issued under the UC Act also limited the BCUC's authorities. Direction No. 7, which has now been repealed: (i) implemented the government's 2013 10 Year Rates Plan by setting rate increases, rate caps or targets; (ii) required the BCUC to set the Deferral Account Rate Rider at 5% indefinitely; (iii) set BC Hydro's allowed annual net income for rate-setting purposes; and (iv) required the BCUC to approve creation of the Rate Smoothing Regulatory Account and the deferral or specified revenues into it.</p>	<p>Section 99 of the UC Act provides that the Commission, on application or on its own motion, may reconsider a decision, an order, a rule or a regulation of the Commission and may confirm, vary or rescind the decision, order, rule or regulation. The Administrative Tribunals Act provides that the Commission has the jurisdiction to determine all questions of fact, law or discretion that arise in any matter before it, including constitutional questions.</p> <p>With the exception of an appeal of the Commission under section 109.1 or 109.2 (Administrative Penalties), an appeal of a decision or order of the Commission is to the Court of Appeal.</p>	<p>Self-Funded since 1988. Costs are recovered through a levy on the businesses regulated by the BCUC.</p> <p>Section 119 of the UC Act provides that the Commission may prescribe a tariff or fees for a matter within the Commission's jurisdiction. Section 117 provides that the Commission may order costs incidental to a proceeding be paid by one or more participants in the proceeding, in the amounts and proportions as the Commission determines.</p>
Alberta Utilities Commission	<p>The Commission has the authority to hear and determine all questions of law or fact; make an order granting the relief applied for; make interim orders; and grant partial or additional relief on matters within its jurisdiction. The Commission may exercise its powers the performance of duties and functions under the AUC Act on its own initiative or motion.</p>	<p>Section 10 of the Act provides that the Commission may, in accordance with rules made by it respecting the review or any decision or order made by the Commission, review any decision or order made and after the review, may confirm, rescind or vary the decision or order.</p> <p>An appeal from a decision or order of the Commission is to the Alberta Court of Appeal on a question of jurisdiction or on a question of law, subject to permission to appeal being granted by the Court.</p>	<p>Section 70 of the AUC Act allows the Commission to impose an administration fee sufficient to pay for its estimated net expenditures associated with carrying out its power, duties and functions for a fiscal year.</p> <p>Rule 025: Administration Fee sets out how the AUC recovers its operating and capital costs directly from natural gas and electricity companies it regulates. The fee is allocated to administration fee categories based on the AUC's services provided to each category. Orders to pay are issued twice per fiscal year.</p> <p>Section 21 allows the Commission to order by whom and to whom its costs and any other costs of or incidental to any hearing or other proceeding of the Commission are to be paid. The Commission is also allowed to make rules respecting the payment of costs of intervenors, local and non-local.</p>

Newfoundland & Labrador Board of Commissioners of Public Utilities (1949)	<p>The <i>Public Utilities Act, R.S.N. 1990</i>, defines the general powers of the Board. The Act states that the Board has the general supervision of public utilities to ensure compliance by public utilities with the law. The public utilities regulated by the Board are Newfoundland Power Inc., Newfoundland and Labrador Hydro and Deer Lake Power Company Limited.</p> <p>The <i>Public Utilities Act</i> provides:</p> <ul style="list-style-type: none"> - Section 41: capital projects in excess of \$50,000 be approved by the Board - Section 70: schedule of rates, tolls, and charges approved by the Board - Section 71: transmission tariff and amendments thereto must be approved by the Board <p>The <i>Electrical Power Control Act 1994</i>, an Act to Amend the Hydro Corporation Act and other Acts, proclaimed in January 1996, empower the Board to regulate Newfoundland and Labrador Hydro in the same fashion as it has regulated Newfoundland Power Inc. Prior to this enactment, the Board could only review and recommend to Government the rate charged for power by Hydro. The Board now has the authority to order the rate schedule itself using tests consistent with generally accepted sound public utility practices.</p> <p>The Electrical Power Control Act provides:</p> <ul style="list-style-type: none"> - Section 3: Government Power Policy - for specific matters relating to <i>The Churchill Falls (Labrador) Corporation Limited (Lease) Act, 1961</i> and the <i>Muskkrat Falls Project</i> - The Board has the authority and responsibility to ensure that adequate planning occurs for the future production, transmission and distribution of power in the province. 	<p>Section 76: The Board may upon notice and after hearing, by order rescind, alter or amend an order fixing rates, tolls, charges or schedules or other order made by the Board.</p> <p>Section 99.(1) provides that an appeal lies to the Court of Appeal from an order of the Board upon a question as to its jurisdiction or upon a question of law.</p>	<p>The expenses of the Board, including salaries, pensions and allowances of the Commissioners and staff, are estimated annually by the Board and assessed upon and borne by the individual public utilities that carried on business during the whole or part of the preceeding calendar year in the proportion or at the rate that the Board may determine on the gross earnings of each public utility as shown by the financial reports of the public utilities filed with the Board.</p> <p>Section 90 of the Act provides that all expenses in connection with an inquiry held by the Board shall be paid by the public utilities concerned in the inquiry. Where more than one public utility is involved, expenses are apportioned among them in proportion to their gross earnings in the year before the year in which the inquiry was terminated.</p>
Yukon Utilities Board	<p>The Board regulates two electrical utilities, reviews energy projects, and is also empowered to investigate complaints and initiate investigations it deems necessary in the interest of ratepayers generally. It also carries out such other functions as are required by the <i>Public Utilities Act</i> and as directed by the Minister of Justice as ordered through the territorial government's Orders-in-Council.</p> <p>The Board decides rates, however with respect to energy project, the Board is tasked with issuing a report and recommendation to the Minister, who decides.</p>	<p>The Board may review, change, or cancel any decision or order made by it, and may re-hear any application or complaint before deciding it.</p> <p>An appeal of a decision or order of the Board is to the Yukon Court of Appeal on a question of law or jurisdiction.</p>	<p>Funding for public hearings can only be authorized by the Minister of Justice. Funding obtained via annual appropriation from general revenues of government by Department of Justice.</p> <p>The Board may order the payment of costs incidental to any proceeding to whom and by whom.</p> <p>Category D Honorarium paid of \$200.00/day. Boards and committees with: independent decision making authority; or adjudicative role; or high impact on government or public of decisions or recommendations made.</p>

Jurisdictional Review of Energy Regulation by Province

Karen Taylor, Vice Chair

Council for Clean & Reliable Energy

April 2019

Regulator	Decide or Recommend	Appeal	Funding
National Energy Board 1959	<p>Section 26 provides where the Board:</p> <ul style="list-style-type: none"> - shall study and keep under review matters over which Parliament has jurisdiction relating to: (i) the exploration for, and the production, recovery, manufacture, processing, transmission, transportation, distribution, sale, purchase, exchange and disposal of, energy and sources of energy in and outside Canada; and (ii) the safety and security of pipelines and international power lines. -shall report on the foregoing matters to Parliament and recommend such measures as it considers necessary or advisable in the public interest for: (i) the control, supervision, conservation, use, marketing and development of energy and sources of energy; and (ii) international power lines. <p>The Board has the authority to decide:</p> <ul style="list-style-type: none"> - section 58.16 - the Board may, subject to section 24 and to the approval of the Governor in Council, issue a certificate for an international power line if the Board is satisfied that the line is and will be required by the present and future public convenience and necessity. <p>The Board recommends:</p> <ul style="list-style-type: none"> - section 52(1) - if the Board is of the opinion that an application for a certificate in respect of a pipeline is complete, it shall prepare and submit to the Minister, and make public, a report setting out: (i) its recommendation as to whether or not the certificate should be issued for all or any portion of the pipeline, taking into account whether the pipeline is and will be required by the present and future public convenience and necessity, and the reasons for that recommendation; and (ii) all the terms and conditions that it considers necessary or desirable in the public interest to which the certificate will be subject if the GIC were to direct the Board to issue the certificate, including terms or conditions relating to when the certificate or portions or provisions of it are to come into force. Section 52 (2) outlines the considerations the Board shall give due regard in making its recommendation and section 52 (3) outlines the Board's responsibilities pursuant to the <i>Canadian Environmental Assessment Act</i> . 	<p>The Act provides that the Board has full jurisdiction to hear and determine all matters, whether of law or of fact.</p> <p>Section 21(1) provides that the Board may review, vary or rescind any decision or order made by it or rehear any application before deciding it.</p> <p>Section 22(1) provides that an appeal lies from a decision or order of the Board to the Federal Court of Appeal on a question of law or of jurisdiction, after leave to appeal is obtained from that Court.</p>	<p>Funded through Parliamentary appropriations, 97% of which are recovered by the Government of Canada from the industry the Board regulates.</p> <p>Section 24 (1) of the NEB Act empowers the Board to make regulations: (i) imposing charges to recover costs attributable to its responsibilities; and (ii) providing for the manner of calculating those charges.</p> <p>All collections from cost recovery invoices are deposited to the account of the Receiver General for Canada and credited to the Consolidated Revenue Fund.</p> <p>The NEB Cost Recovery Regulations set out which costs the NEB recovers and the manner in which money is recovered. The calculation of cost recovery levies for a particular company is determined in the Regulations.</p>
Canadian Energy Regulator - Bill C-69 Part 2: <i>Canadian Energy Regulator Act</i>	<p>Mandate of the Regulator and the Commission is set out in section 11 and includes:</p> <ul style="list-style-type: none"> (i) making transparent decisions, orders and recommendations with respect to pipelines, power lines, off-shore renewable energy projects and abandoned pipelines; (ii) overseeing the construction, operation and abandonment of pipelines, interprovincial power lines and international power lines and oversee work and activities authorized under Part 5 (Offshore Renewable Energy Projects and Offshore Power Lines), as well as abandoned facilities; (iii) making orders with respect to traffic, tolls and tariffs and overseeing matters related thereto; (iv) making decisions and orders and giving directions with respect to oil and gas interests, production and conservation; (v) advising and reporting on energy matters; (vi) providing alternative dispute resolution processes; (vii) exercising powers and performing duties and functions that are conferred on the Regulator under any other Act of Parliament; and (viii) exercising its power and performing its duties and functions in a manner that respects the Government of Canada's commitments with respect to the rights of the Indigenous peoples of Canada. <p>For greater clarity, the Commission must approve:</p> <ul style="list-style-type: none"> - section 181 - sale or acquisition, or lease of a pipeline; abandonment of a pipeline; and amalgamation by a company authorized to construct or operate a pipeline or owns an abandoned pipeline; - detailed route of a pipeline; - deviations and relocations of a pipeline; - opening of a pipeline for the transmission of hydrocarbons; -all matters relating to traffic, tolls or tariffs; and - pipeline abandonment. <p>The Commission recommends:</p> <ul style="list-style-type: none"> - section 183 - whether or not an application for a certificate for a pipeline should be issued, taking into account whether the pipeline is and will be required by the present and future public convenience and necessity, and the reasons for that recommendations and the conditions it considers necessary. Factors to consider are set out in section 183(2) and have been widely criticized. Section 186 outlines the powers of the GIC with respect to a recommendation of the Commission (for or against issuance of a certificate); and - section 191 - whether or not a certificate be varied or transferred. <p>Section 72(5) stipulates for greater certainty, a report submitted by the Commission under section 183 or 184 - or under subsection 51(1) of the <i>Impact Assessment Act</i> - is not a decision or order of the Commission for the purposes of the Reviews and</p>	<p>Except as otherwise provided for in the Act, section 32(3) provides that the Commission has full jurisdiction to hear and determine all matters, whether of law or fact.</p> <p>Section 69(1) provides that the Commission may review, vary or rescind any decision or order it makes and, if applicable, may re-hear any application before deciding it.</p> <p>Section 72(1) provides that an appeal from a decision or order of the Commission on any question of law or of jurisdiction may be brought in the Federal Court of Appeal with leave of that Court.</p> <p>On order issued pursuant to section 186 (1) may be appealed to the Federal Court of Appeal.</p>	<p>Section 87 (1) of the Act provides that the Regulator may, with the approval of the Treasury Board, make regulations: (i) providing for fees, levies or charges that are payable for the purpose of recovering all or a portion of any costs that the Regulator considers to attributable to the carrying out of its mandate, including costs related to applications that are denied or withdrawn; and (ii) providing for the manner of calculating those fees, levies or charges and their payment to the Regulator.</p>
