

OCTOBER 1 TO 3, 2019

# CCRE

## Annual Energy Leaders Roundtable

Penticton Lakeside Resort and Conference Centre  
Penticton, British Columbia

### WELCOME

On behalf of the Council for Clean and Reliable Energy and our partners, welcome to the CCRE Energy Leaders Roundtable Penticton.

The intent of this event is to bring together leaders in the energy industry for open dialogue, a candid exchange of views, and networking among participants. There will be several keynote addresses as well as panels introduced by brief presentations at the beginning of each session that are organized around a variety of timely and important topics.

We are pleased to have brought together high caliber speakers and participants and look forward to presentations and discussions from the sessions including:

- Public Perceptions on Energy and their Impacts on Policy
- Carbon Emissions – Measurement and Pricing
- Canada's Nuclear Advantage
- First Nations and Infrastructure Development
- Regulatory Environment and Investment Outlook
- Following the Money
- Politics and the Energy Sector

We would like to thank our event partners: The Ivey Energy Policy and Management Centre, Ivey Business School, Western University and The School of Public Policy, University of Calgary. As well, I would like to thank our sponsors for their support: Ivey Energy Policy and Management Centre, University of Calgary, Gowling WLG (Canada) LLP, Power Workers' Union, LeanCor Supply Chain Group, Bruce Power and EPCOR.

We would also like to thank Martha Hall Findlay, Scott Smith, Karen Taylor, Aaron Engen, Paul Newall, Jennifer Winter and Guy Holburn for their leadership in making this roundtable possible.

The Council is a group of volunteers who have an interest in promoting open debate about energy issues. We do not represent a particular interest group and attempt to bring together a broad range of stakeholders who share an interest in promoting good governance and public policy for Canada's energy sector.

Glen Wright, Chair  
Council for Clean & Reliable Energy

Jan Carr, Co-Chair  
Roundtable Penticton

Gerry Protti, Co-Chair  
Roundtable Penticton

Thank you to our supporters

## Thank you to the Roundtable Presenters

As an expression of appreciation to the Roundtable speakers and presenters, the CCRE has donated to the Trails Society of British Columbia (Trails BC). This organization is a registered non-profit and charity with a mandate to assemble the British Columbian section of the Trans Canada Trail, as well as advocate for the expansion, sustainability and preservation of greenway trails across the province. The Kettle Valley Rail Trail and the Columbia and Western Rail Trail, part of the Trans Canada Trail, is the longest trail network in British Columbia extending from Hope to Castlegar. The donated funds will be used to support the development of the Okanagan Valley portion of the Trans Canada Trail.

## Thank you to the Roundtable Supporters

The Council for Clean & Reliable Energy appreciates the financial contribution from its supporters who play a key role in helping the CCRE to achieve its goals of promoting good governance and a better-informed public policy environment for Canada's energy sector.
